## **DT-356**

### **Digital AC T-RMS / DC Clamp Meter**

The CEM DT-356 is designed with ergonomic concepts, shaped to fit your hand and to access tight spots easily. This small and rugged clamp meters are ideally suited for current measurements up to 1000 A in tight cable compartments. The DT-356 also offer AC/DC current measurements and have a higher resolution for loads below 600 A. In addition to a compact package with a strong feature set, the DT-356 also equips with Capacitance and Frequency functions for testing motors, lighting, etc.
