# **LEXRON-60**

# 255/260/265/270/275P

### **All-Purpose Module**

LEXRON-60 is a robust solar module with 60 solar cells. These modules can be used for on-grid solar applications. Our meticulous design and production techniques ensure a high-yield, long-term performance for every module produced. Our rigorous quality control and in-house testing facilities guarantee LEXRON modules meet the highest quality standards possible.

### **Polycrystalline Silicon Solar Modules**

### **Features**

High module conversion efficiency (up to 18.80%), through superior manufacturing technology

Guaranteed 0- +5W positive power output tolerance ensures high reliability

Anti-reflective, hydrophobic coating improves light absorption and reduces surface dust

**Excellent performance under low light environments** (mornings, evenings and cloudy days)

Entire module certified to withstand high wind loads (2400 Pascal) and snow loads (5400 Pascal)\*

### **All-purpose Module**

Sales network covers more than 20 countries, providing customers with instant after sales service and an efficient supply-chain, our clients can be found throughout the world, such as Europe, Oceania, Eastern Europe, East Asia, Middle East and Africa etc. LEXRON's team works closely with our customers to provide them with solutions for all their solar needs.

**LEXRON** reputation is founded on more than 200MW of high performance solar modules installed around the world.

- •25 year transferable power output warranty: 10year/90%; 25year/80%.
- Based on nominal power.
- •10 year material and workmanship warranty.
